***Thank you for your support!***

We believe in making every child's potential a reality, in making a positive influence in the lives of our children. We accomplish this by volunteering, giving back and supporting our teachers and staff. We also sponsor events and programs which enhance the curriculum, provide social opportunities for the students, show our appreciation to the staff for their hard work and connect Fischer Middle School to the District 204 community, while also providing opportunities for parental participation and learning.

**We are developing future leaders - The Fischer PTSA - become a member today!**

*Receive a student directory with your membership.*

The PTSA does not receive financial support from District 204, the Illinois or the National PTA.  
**For accounting purposes, we need separate checks for membership and school supplies.**
