

News from the Nest 2.0

PARENT EDITION VOLUME 12 MAY/JUNE 2016

Welcome Fischer Families!

Welcome to News from the Nest 2.0! This online newsletter is specifically created *for* parents *by* teachers. It will serve as a useful tool in providing educational tips and strategies, as well as developing systems that parents can use to work with their children at home on the academic skills being stressed in the school program. We hope that this information serves as a positive medium in strengthening the relationship between home and school.

STAYING ENGAGED DURING SUMMER MONTHS

As we begin the countdown to the end of the school year, many of us are already thinking of our summer plans. Many parents have asked about ways to keep their students engaged during the summer break. District 204 students will have continued access to district licensed math online programs (Digits for Grades 6-8) and (Math XL for School for 8th Grade Accel Math and 8th Grade PA Math) through the month of June.

Click on this article link from neamb.com, for helpful tips on avoiding “brain drain” during the summer months.
